Stephen Kergo  
*Executive Director*

## COVID-19 Recommendations

### What residents can do:

- Clean your hands often
- Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing, or having been in a public place/common area.
- If soap and water are not available, use a hand sanitizer that contains at least 60% alcohol.
- To the extent possible, avoid touching high-touch surfaces in public places – elevator buttons, door handles, handrails, handshaking with people, etc. Use a tissue or your sleeve to cover your hand or finger if you must touch something.
- Wash your hands after touching surfaces in public places.
- Avoid touching your face, nose, and eyes.

Additionally, avoid close contact:

Stay in your homes or outdoors away from groups of people, as much as possible.

Limit visitors to persons essential to maintaining their health, well-being, and safety. Social interaction is important; however, in-person social interactions are associated with increased risk of infection.

Learn and practice alternative ways to interact, including replacing in-person group interactions with video or telephone calls. Learn more about managing stress and anxiety during COVID-19.
