What is the Emergency Broadband Benefit Program?

The Emergency Broadband Benefit Program is a [Federal Communications Commission \(FCC\) program](#) that provides a temporary discount on monthly broadband bills for qualifying low-income households. If your household is [eligible](#), you can receive:

- Up to a \$50/month discount on your broadband service and associated equipment rentals
- Up to a \$75/month discount if your household is on qualifying Tribal lands
- A one-time discount of up to \$100 for a laptop, tablet, or desktop computer (with a co-payment of more than \$10 but less than \$50)

Only one monthly service discount and one device discount is allowed per household.

**The FCC expects enrollment for the Emergency Broadband Benefit Program to open later this month.** It will end when the fund runs out of money, or six months after the Department of Health and Human Services declares an end to the COVID-19 health emergency, whichever is sooner.
